DearTsilavo,

Thanks for the mail.

Let's fix with Koenig Student Apartment.

Ok, we will arrange their accommodation in Koenig Student Apartment.

But we need to have a in-house lunch and dining facilities as students have not the time to cook. So I suppose, LANDSCAPE apartment is the suitable choice for that (according to your web site). Please confirm.

Yes, there is cook to prepare and serve the food.

I see that calendar for CCIE R&S (Written) is changed. Could you confirm this new date (18 to 28 Oct) ?

Yes, we have scheduled CCIE R&S (Written) back -to- back CCNP to avoid the gap between the Boot Camps.

Can you explain how the exams agenda will be organized ? Does student pass exam after completion of each module or will he do all exams at the end of the boot camp ?

Most students take the exams after completion of the respective module but some students prefer to take all exams at the end. Participants can decide about this after starting with their Boot Camps and seeing how they get along in the training.

What is the term and conditions of payment ?

Our usual terms are US$ 500 to book the seat and balance before or on arrival. You can either do this or send the whole amount by Bank Wire Transfer 2 weeks before the training.

Does prices include transfer from Mumbai Airport to GOA Apartment ?

The participants have to reach Goa airport (GOI). Following website can be used to book the Mumbai - Goa flights :

www.spicejet.com
www.goair.in
www.goindigo.in
www.jetairways.com

We will arrange their pick-up at Goa airport and take them to the apartment. This is included in the fee.

Do students need to bring cash money for their daily expenses. If yes, could you advise the average daily expense ?

Apart from the Boot Camp fee, participants can budget around US$ 5 - 10 per day for minor expenses such as phone, buying souvenirs, etc

Is there an Internet connectivity at the apartment ? As they absolutely need to have permanent Internet access for self-study and for their work.

Yes, Koenig Student Apartments are WiFI enabled.

We see in your web site that Cisco Official Curriculum is only available in Delhi Center. But we need to have this Official Curriculum as our students havealready all Cisco Press Books for their pre-boot camp preparation. Could you do the necessary for that

We will provide Cisco Official Curriculum for all the courses except CCIE Written and Lab, CCIE Service Provider Written (for which Cisco Official Curriculum is not available).

The previous prices were with Cisco Press Books. I have attached the revised price list including Cisco Official Curriculum.

What about printing facilities to allow students print their documentations ?

The Cisco Official Curriculum is a printed book and they will not need to take any prints. If they require prints they can contact the Center Manager who can provide them at an extra charge.

Looking forward to hearing back from you.
